

PARTNERSHIP PROGRAM

CIM Saskatoon Branch (Branch) is a well-established, collaborative technical forum that brings together Saskatchewan's mining community and plays a unique role in sustaining Saskatchewan's mining ecosystem. The Branch delivers monthly technical events, supports student development, and creates a space where operators, suppliers, academics, and students connect learn from one another.

Why CIM Saskatoon Matters:

- An independent platform for applied learning and industry dialogue
- A strong pipeline for student engagement, mentorship, and workforce development
- Supporting a community that spans students, early-career professionals, academics, industry professionals, suppliers, and retirees since 1963

"CIM has given me vast opportunities to connect with industry leaders and gain a better understanding of the mining industry as a whole"
Ayden - Geological Engineering

Why Organizations Engage

The Branch provides:

- A credible platform to share innovation, lessons learned, and applied experience, reinforcing visible leadership in Saskatchewan's mining community
- Support for workforce readiness, safety culture, and continuing professional development
- Direct access to emerging talent and future leaders

The Partnership Framework

To better align with how industry engages, and to recognize the broader value that the Branch provides and the shared outcomes that industry cares about, the Branch is introducing a Partnership Framework. This is a collaborative, year-round relationship grounded in three value principles:

 Growth 360+ Students \$400K in Scholarships (since 2012) Workforce development, mentorship, and employment pathways for students and emerging professionals.	 Connection 800+ Followers 7 Technical Events per Season Professional networking, community building, and meaningful student engagement across the mining sector.	 Knowledge Events with 150+ Attendees Continuous Professional Development, innovation sharing, and scholarships that support learning and advancement.
---	--	---

Your support at work

Funds raised through partnerships go directly toward:

- Providing high quality, affordable, and relevant content to support professional development
- Increasing accessibility through the development of online streaming to reach remote operations and communities
- Investing in tomorrow through scholarships for post-secondary students who attend branch events and show an interest in mining

EVENTS

Monthly events include networking opportunities, dinner, and an industry speaker presenting on topics relevant to Saskatchewan's mining sector. Select events include additional programming during the networking session.

Month	Event
September 2026	General Interest Night
October 2026	Potash Night
November 2026	Mineral Processing Night
January 2027	Environment and Safety Night
February 2027	Uranium Night
March 2027	Industry Collaboration Night
April 2027	Distinguished Lecturer Night
